GLOSSARY OF TERMS

In this section, you will find definitions to some of the terms used throughout this Provider Directory. If you are unable to find an answer to your question, please call the STAR Program at 1-866-998-2243 for further details.

Accessibility Indicator – Informs Medi-Cal beneficiaries about the level of access that each provider’s office or building site has for seniors and persons with disabilities. More detailed information is provided under section “Accessibility Indicator Information” of this document.

Adult Residential Treatment Services (ARTS) – Rehabilitative services provided in a non-institutional, residential setting, for clients who would be at risk of hospitalization or other institutional placement if they were not in the residential treatment program. ARTS include a range of activities and services that support clients in their efforts to restore, maintain, and apply interpersonal and independent living skills and to access community support systems. The service is available 24 hours a day, 7 days a week. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation and collateral.

Assessment – A service activity designed to evaluate the current status of a client’s mental, emotional, or behavioral health. Assessment includes but is not limited to one or more of the following: mental status determination, analysis of the client’s clinical history; analysis of relevant cultural issues and history; diagnoses; and the use of testing procedures.

Collateral – A service activity delivered to a significant support person in a client’s life for the purpose of meeting the needs of the client in terms of achieving the goals of the client’s Client Plan (treatment plan). Collateral may include but is not limited to consultation and training of the significant support person(s) to assist in better utilization of specialty mental health services by the client, consultation and training of significant support person(s) to assist in better understanding of mental illness, and family counseling with the significant support person(s). The client may or may not be present for this service activity. **“Significant support person”** is defined as “persons, in the opinion of the client or the person providing services, who have or could have a significant role in the successful outcome of treatment, including but not limited to the parents or legal guardian of a client who is a minor, the legal representative of a client who is not a minor, a person living in the same household as the client, the client’s spouse, and relatives of the client.”

Crisis Intervention – A service lasting less than 24 hours, to or on behalf of a client for a condition that requires more timely response than a regularly scheduled visit. Service activities include but are not limited to one or more of the following: assessment, collateral and therapy. Crisis intervention is distinguished from Crisis Stabilization by being delivered by providers who do not meet the crisis stabilization contact, site, and staffing requirements or, if eligible, the service is provided at a site other than a Crisis Stabilization Unit (CSU) site.

Crisis Residential Treatment Services (CRTS) – Therapeutic or rehabilitative services provided in a non-institutional, residential setting which provides a structured program as an alternative to hospitalization for beneficiaries experiencing an acute psychiatric episode or crisis who do not have medical complications requiring nursing care. CRTS include a range of activities and services that support clients in their efforts to restore, maintain, and apply interpersonal and independent living skills, and to access community support systems. The service is available 24 hours a day, 7 days a week. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, collateral, and crisis intervention.

Crisis Stabilization – A service lasting less than 24 hrs, to or on behalf of an individual for a condition which requires more timely response than a regularly scheduled visit. Services may include, but are not limited to assessment, collateral and therapy. It must be provided on site at a (our) 24 hr health facility

Cultural Capabilities – The provider’s skills, knowledge, behaviors and systems that are required to plan, support, improve and deliver services in a culturally respectful and appropriate manner.

Cultural Competence Training – Indicates whether a provider has or has not received annual Cultural Competence Training. Cultural competence education and training is crucial to ensuring that services are provided in an appropriate culturally and linguistically form to Medi-Cal beneficiaries.

Full Service Partnership (FSP) – Full Service Partnership programs are funded by Mental Health Services Act (MHSA) and provide a full spectrum of mental health services to children/youth and transition age youth who are seriously emotionally disturbed and adults and older adults who have a serious mental disorder. Additional criteria must also be met.

Intensive Care Coordination (ICC) – A targeted case management service (for children/youth under the age of 21) that facilitates assessment, care planning for and coordination of services, including urgent services for beneficiaries with intensive needs. The difference between ICC and TCM service function is that ICC must be delivered using a Child and Family Team (CFT) and is intended for children/youth with more intensive needs and/or whose treatment requires cross-agency collaboration.

Intensive Home-Based Services (IHBS) – Mental health rehabilitation services provided to Medi-Cal beneficiaries under age 21 as medically necessary. IHBS are individualized, strength-based interventions designed to ameliorate mental health conditions that interfere with a child/youth’s functioning and are aimed at helping the child/youth build skills necessary for successful functioning in the home and community and improving the child/youth’s family ability to help the child/youth successfully function in the home and community. The difference between IHBS and more traditional outpatient specialty mental health service is that the service is expected to be of significant intensity to address the mental health needs of the child/youth, consistent with the plan and the Core Practice Model, and will be predominantly delivered outside an office setting and in the home, school or community.

Interpretative Services – Language interpreter services, at no cost to the beneficiary.

Licensed Provider – An individual who has successfully completed a prescribed program of study in a variety of healthcare fields and who has obtained a license indicating his or her competence to practice in that field.

Linguistic Capabilities – Languages spoken by the provider, including American Sign Language.

Medi-Cal – Medi-Cal is the California’s version of the federal Medicaid program in which health and mental health care can be provided by public health and mental health entities to individuals who do not have the ability to pay the full cost of care and who meet medical necessity requirements.

Medi-Cal Beneficiaries – A person who is eligible and receives healthcare benefits through the Medi-Cal program.

Medical Necessity – In order to qualify to receive specialty mental health services, a beneficiary must meet “medical necessity” criteria including: having a qualifying mental health diagnosis, having a significant impairment in one or more areas of life functioning, and having a condition that could be corrected or ameliorated by mental health services and that would not be responsible to physical health care based treatment.

National Provider Identifier (NPI) – The National Provider Identifier (NPI) is a unique 10-digit identification number issued to health care providers in the United States by the Centers for Medicare and Medicaid Services (CMS) in accordance with the Health Insurance Portability and Accountability Act (HIPAA) of 1996. All covered entities under HIPAA are required by regulation to use NPIs to identify health care providers in standard HIPAA transactions.

Other Qualified Provider, Unlicensed – Any other direct service staff providing client support services who does not meet any of the other specified licensure or classification definitions or characteristics, i.e., Staff without BA/BS and 4 years experience/ or AA and 6 years experience.

Plan Development – A service activity which consists of development of client plans, approval of client plans, and/or monitoring of an individual’s progress.

Provider – Any individual or entity who is licensed, certified, or otherwise recognized or authorized under state law governing the healing arts to provide specialty mental health services and who meets the standards for participation in the Medi-Cal program.

Registered Provider – A marriage and family therapist candidate, a clinical social worker candidate, or a professional clinical counselor candidate, respectively, who has registered with the corresponding state licensing authority for marriage and family therapists, clinical social workers or professional clinical counselors to obtain supervised clinical hours for marriage and family therapist or clinical social worker or professional clinical counselor licensure, to the extent authorized under State law.

Registered Psychologist – The registered psychologist designation is intended to be a method by which an unlicensed person can perform limited psychological functions at a non-profit community agency to accrue hours of supervised professional experience. A registered psychologist has a doctoral degree which qualifies for licensure as a psychologist and has accrued at least 1500 hours of qualifying supervised professional experience. In order for an unlicensed person to perform psychological functions under this designation at a non-profit community agency, he or she must be approved as a registered psychologist by the California Board of Psychology. See also, *Registered Provider*.

Registered Psychological Assistant – A person other than a psychologist may perform psychological functions in preparation for licensure as a psychologist if they meet the following qualifications for registration with the California Board of Psychology: (1) has completed a master's degree in psychology or education with the field of specialization in clinical or counseling psychology, or (2) has been admitted to candidacy for a doctoral degree in psychology or education with the field of specialization in clinical or counseling psychology, after having satisfactorily completed three or more years of postgraduate education in psychology and having passed preliminary doctoral examinations, or (3) has completed a doctoral degree that qualifies for licensure. See also, *Registered Provider*.

Rehabilitation – Service activities including assistance in improving, maintaining or restoring an individual's functional skills, daily living skills, social/leisure skills, grooming and personal hygiene skills, meal preparation skills, and support resources; and/or medication education.

Specialty – Refers to the provider specialty in terms of training, experience and specialization, including board certifications.

Specialty Mental Health Services – Special healthcare services for people who have a mental illness or emotional problem that a regular doctor cannot treat. Services include individual, group, or family therapies and interventions that are designed to reduce mental disability and/or facilitate improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency. Services are directed toward achieving the consumer's/family's goals.

Targeted Case Management – Services that assist an individual to access needed medical, educational, social, prevocational, vocational, rehabilitative, or other community services. Service activities may include, communication, coordination and referral; monitoring service delivery to ensure access to service; monitoring individual's progress; placement services, and plan development.

Therapy – Therapeutic intervention that focuses primarily on symptom reduction as a means to improve functional impairments of the client or to prevent deterioration and to assist the client in meeting the goals on their Client Plan (treatment plan). Therapy may be delivered to an individual client, a group of clients, or to a family. Family therapy may be provided to parent(s) and a client, a client and siblings, or couples. The client must be present for this service activity.

Therapeutic Behavioral Services (TBS) – Intensive, individualized, one-to-one behavioral mental health services to help children/youth and parents/caregivers, foster parents and group home staff learn new ways of reducing and managing challenging behaviors as well as strategies and skills to increase the kinds of behavior that will allow children/youth to be successful in their current environment and prevent out of home placement at the lowest appropriate level resolving targeted behaviors and achieving short term goals. This service includes: TBS assessment, one to one services, collateral contacts with family members, caregivers and others significant in the life of the children/youth and developing a plan clearly identifying specific target behaviors. TBS is not a “stand alone” service and must include another Mental Health Service.

Transitional Age Youth (TAY) – Transitional Age Youth is a term used to refer to individuals between the age of 16 and 25 years of age

Waivered Provider – Refers to either a psychologist candidate or a mental health provider who is licensed in another state. Waiver providers are employed or under contract to provide services as a psychologist or other mental health professional while gaining the experience required for California licensure and have been granted a professional licensing waiver to the extent authorized under State law.

TBS puede ayudar a niños y jóvenes y a padres/cuidadores, padres de crianza temporal, al personal del hogar comunitario y al personal de la escuela a aprender nuevas maneras de reducir y manejar conductas problemáticas, así como estrategias y habilidades para incremental los tipos de conductas que permitirán que el niño/joven sea exitoso en su entorno actual y prevenir la colocación furea del hogar al mínimo nivel posible. TBS está diseñado para ayudar a los niños/jóvenes y padres/cuidadores (cuando están disponibles) a manejar estas conductas mediante el uso de metas a corto plazo, medibles, basadas en las necesidades del niño/joven y de la familia. TBS no es un servicio aislada y debe usarse en conjunto con otro servicio de salud mental. TBS incluye el desarrollo de un plan que identifica claramente las conductas objetivo específicas.

Terapia – Una intervención terapéutica que se enfoca principalmente en la reducción de síntomas como una manera de mejorar los impedimentos funcionales del cliente o para prevenir el deterioro y ayudar al cliente a cumplir los objetivos en su Plan del Cliente (plan de tratamiento). Terapia puede ser entregada a un cliente individual, un grupo de clientes, o a una familia. Terapia familiar puede ser proporcionada a los padres y un cliente, un cliente y hermanos o parejas. El cliente debe estar presente para esta actividad de servicio.

TAY – Jóvenes en Edad de Transición (Transitional Age Youth) es un término usado para referirse a individuos entre las edades de 16 y 25 años.
